# The Business Register and Employment Survey Initial Breakdown - Oadby & Wigston

The Business Register and Employment Survey (BRES) provides employee and employment estimates at detailed geographical and industrial levels and is regarded as the definitive source of official government employee statistics by industry. The latest data released in November 2021 relates to 2020 and provides an insight into the impact of the Covid 19 pandemic on industry and related employment. Data is at a 2 digit level (Standard Industrial Code).

In Oadby and Wigston 8 of the sectors identified were manufacturing, the largest LQ being for the manufacture of basic pharmaceuticals and pharmaceautical preperations. There is also strong representation from the textiles and clothing sectors. However these last two sectors combined only have employment of 125. Of those sectors that differentiate Oadby and Wigston from other areas, the manufacture of food products, the manufacture of fabricated metal products are sectors that have higher concentrations of employment. Education, sports, amusement and recreation, wholesale and social work activities were all seen as sectors with high concentrations of employment in the area (Page 5)

#### Positive Employment Growth (2019 - 2020) - LLEP Area

#### Positive Employment Growth (2019 - 2020) - Oadby & Wigston

#### Negative Employment Growth (2019 - 2020) - LLEP Area

The industries highlighted are those in the LLEP area that have had negative employment growth of more than 1,000. The textiles/ clothing manufacturing sector has been hit hardest. These along with the manufacture of paper and paper products were identified as sectors that differentiate the local area from others (Page 6, LQs). Despite having some of the largest falls, these 3 sectors were not identified as sectors
 with high concentrations of employment whereas the other sectors were.
